

*Resumes That Impress!* is a groundbreaking, new publication that gives job seekers the competitive edge to land the best jobs, in quicker timeframes, and for much greater salaries.

Written by Resume Expert, Cory Schulman, *Resumes That Impress!* provides great insight on how professionals create a compelling resume. The author shares his 15 years' experience as the owner of the Resume Center to reveal the latest techniques, creative strategies, and innovative methods.

The most unique aspect of *Resumes That Impress!* is the more than 20 strategies to measure accomplishments and quantify productivity. Through Schulman's creative approaches, professionals can capture their greatest strengths so they shine in the marketplace. This book provides an advanced understanding of what makes a resume effective.

*Resumes That Impress!* is best suited for job seekers targeting professional, managerial, and executive positions. The book provides in-depth samples of resumes from all major occupations.

Job seekers who use the cutting-edge approaches in this book have out-competed other highly qualified candidates vying for the same position.

*Resumes That Impress!* is Schulman's second book on the subject. His first book, *Resumes For Higher Paying Positions*, emerged on a national best seller list, sold well at Borders Books, and was carried by Ingram, Baker & Taylor, and many other industry-leading distributors.
